About HCT Group

HCT Group is first and foremost a social enterprise, creating value and supporting social justice in the communities we serve. We are committed to ensuring the mobility of the most vulnerable and marginalised in our society so that they can access jobs, education and services.

We generate our revenues from transport contracts won in the marketplace, delivering them to a high standard. We do this so that our profits can be reinvested into further transport services in the communities we serve, into training services for people who are long-term unemployed and into employment opportunities for people in deprived communities.

Our commercial success enables our community impact. At HCT Group, we believe that the best way to be a sustainable social enterprise is to be an effective enterprise.

We deliver a wide range of transport services – from London red buses to special educational needs transport, from social care transport to Park and Ride, from community transport to training.

Job Summary

To provide support to clients with special educational needs to enable them to travel independently to and from schools, colleges or day services, while ensuring their safety and wellbeing during training. Manage day to day relationship between the service and schools, families and carers, ensuring good positive communication, accurate reporting and that the reputation of the service is maintained at a high standard. This role is subject to an enhanced DBS check.

Job Purpose

Key Responsibilities

Travel Training

- Provide support & guidance to young people in preparation for training
